ITU Telecom TV will once again be a major part of ITU Telecom World 2009. The event's onsite official television service, ITU Telecom TV, will broadcast for the duration of the event's original programming consisting of CEO and keynote interviews, industry debates, exhibition news and Live forum webcast. This original programming produced by Telecomtv the official on line TV partner to the ITU by their dedicated production team, including reporters, camera crews and editors, and broadcast from the ITU Telecom TV purpose-built studio at the heart of Geneva-Palexpo. Visit us in Hall 4 stand 4060 or online at www.itutelecomtv.com
