Established in 1982, SISVEL has become one of the world's leaders in managing intellectual property and maximizing the value of patent rights. The Sisvel Group is global in scope and reach, with companies in Italy, US, China, Japan and Germany with more than seventy professionals worldwide with technical, legal, and licensing expertise. SISVEL has a long history of managing successful patent portfolios such as MP3 and MPEGAudio, OSD (OnScreenDisplay), ATSS (AutomaticTuning&SortingSystem), and WSS (WideScreenSignaling). Most recently SISVEL has been appointed administrator of the DVB-T patent pool related to the widely adopted terrestrial digital television broadcast standard.
