

Journey Round the World of ICT at WORLD 2009

From Azerbaijan to Belgium, Burundi, China, Egypt, Saudi Arabia, Spain and many more, ICT industries from around the world will be on show at ITU TELECOM WORLD 2009. In addition, look out for a number of Thematic Pavilions representing different branches of the industry.

As the United Nations Agency for ICTs, ITU is proud to host many different pavilions from around the world at its ITU TELECOM events, as well as from across the Industry.
