CNBC is the leading global broadcaster of live business and financial news and information, reporting directly from the major financial markets around the globe, with three regional networks in Asia, EMEA and the US. In EMEA, CNBC is the only real-time, pan-regional business and financial news network dedicated to CEOs, senior corporate executives, the financial services industry and EMEA investors. The channel is available in approximately 110 million homes, 1,400 banks and financial institutions and leading hotels across EMEA. CNBC is a division of NBC Universal. NBC Universal is the broadcasting unit of the General Electric Company.

CNN has become synonymous with fast and impartial coverage since it went on air as the world's first 24-hour news channel in 1980. CNN's branded networks and services across television, radio, mobile and the Internet are available to more than one billion people in more than 200 countries, and has global reach through 47 bureaux worldwide. CNN broadcasts a range of feature programming on business, sport, travel and the environment. In addition to its flagship television services and international website, CNN is also distributed across a range of IPTV and VOD services and accessible on mobile devices through CNN Mobile.
