Working Party XV/1
Experts Group for ATM Video Coding
(Rapporteur's Group on part of Q3/XV)

Document AVC-470
5-7 April 1993

Title: MPEG-2 syntax

Source: F, UK, B, I, N, D, NL, CH

Purpose: Proposal

"We recognise that for HD/ED/SD/LFDV services as well as for H.26X applications, it is essential to maintain hooks in the MPEG2 syntax for spatial scalability/compatibility extensions".
