Doc #168
October 1986

Source: BT

Title: INTELLECTUAL PROPERTY - PATENTS

Document #140R, section 10 actioned each core member to carry out a search in his own country concerning patents and answer three questions.

The BT response is as follows:

British Telecom have no patents that cover the Flexible Hardware Specification in the Annex to Doc #140. Furthermore we know of no UK persons or companies who own patents covering the same specification.
