Subject : Update of preparations for ITU RDF 2009

Dear Dr. Kim,

As we are aware that the ITU-D Regional Development Forum (RDF) for the Asia Pacific Region "NGN and Broadband: Opportunities and Challenges" will be held in Yogyakarta from 27 to 29 July 2009 soon. In line with the forum, we are pleased to inform you that the preparations for the upcoming forum are progressing well. We have been coordinating with the ITU Area Office Jakarta regarding the hotel reservation, accommodation and other arrangements for the forum. So far, we have received 45 registrations of international participants and around 70 participants consisting of various entities in Indonesia.

Taking into account the security concern, we assure you that the Indonesian Government has seriously carried out maximum measures by tightening security procedure and appropriate precautions to secure the organization of international events, including ITU RDF 2009. We do hope that the delegates could reap and share the benefits from this forum.

We would also like to take this opportunity to thank you for your support and assistance for the ITU RDF 2009 and look forward to meeting you in Yogyakarta.

Thank you for your kind attention and cooperation.

Yours sincerely,

Ikhwan Baldirus
 Deputy Director General for International Affairs

- cc. 1. Director General of Posts and Telecommunications
 2. Mr. Sami Al Bashier, Director of BDT, ITU
