

ITU publication NOTICE

Geneva, 4 January 2024

No. 282-24

BR International Frequency Information Circular (BR IFIC) Terrestrial Service

2024

The BR International Frequency Information Circular (BR IFIC) Terrestrial Services is a consolidated regulatory publication issued once every two weeks by the Radiocommunication Bureau, pursuant to the Radio Regulations (Nos. 20.1 to 20.6 and No. 20.15) and various regional agreements. It contains information on the frequency assignments/allotments submitted by administrations to the Radiocommunication Bureau for recording in the Master International Frequency Register and in the various regional or worldwide Plans. The information published corresponds to the recorded assignments/allotments as well as the notifications in process. The BR IFIC may be consulted directly from the DVD-ROM without installing the data and software (some 7 GB). The BR IFIC contains the query software TerRaQ, the program TerRaNotices for creation and validation of electronic notices and the Preface in PDF format. The BR IFIC (Space Services) DVD-ROM is published at the same time.

Online access to the ISO copy of each DVD is available for separate purchase or to subscribers of the DVD, upon request.

Availability:	Once every two weeks, from January 2024

General conditions of sales

PRICES

The prices quoted in the ITU Catalogue of Publications, as well as in Publication Notices (distributed free of charge and visible on the ITU website at the following address: www.itu.int/publications), are in Swiss francs (CHF) and are subject to change without notice.

Discounts of 15 per cent are granted to ITU Member State Administrations, Sector Members and Associates. A non-cumulative discount of 80 per cent on all Publications is granted to Member State Administrations of Least Developed Countries (LDCs) and Academia Members, while a non-cumulative discount of 80 per cent is also granted to libraries of educational institutions with respect to Subscription Services and CD-ROM/DVD-ROM Publications only.

Catalogue prices of electronic publications (on CD-ROM, DVD-ROM, USB key and online) are given for single users. For corporations and institutions, multi-user licences are granted taking into account the number of authorized users. Please refer to the corresponding Publication Notices on the web. Please note that the minimum price for a publication bought from the Electronic Bookshop is twenty Swiss francs (CHF 20.–).

FORMS OF DISPATCH

The catalogue price includes the cost of dispatch by non-registered economy-class mail or the means of carriage most advantageous to ITU. Dispatch can be requested in other forms: i.e. airmail, DHL, Federal Express, TNT, or diplomatic pouch. If one of these alternative methods is chosen, the dispatch cost will be added to the quote. Clients may choose to provide the ITU with their own valid Fedex/DHL/TNT account number for shipping at his expense. If a freight forwarder is designated by the client, this client assumes all transport charges. The costs of shipping via registered mail have been added to the economy-class costs. Customer may refuse these conditions but, in this case, ITU will not be held responsible for the replacement of any undelivered orders dispatched by mail that has not been registered. Customs duties and other taxes or dues levied on imported goods are not borne by ITU. ITU accepts no responsibility for delay, loss or damage in shipment. Any claim must be made as quickly as possible, and at the latest within six months of dispatch of the publication(s).

RETURN OF PUBLICATIONS

Where a publication found to be faulty is returned to ITU, the latter's responsibility shall be limited to replacement of the publication and payment of the costs arising from such replacement. Any publication returned to ITU must reach it within one (1) month from the date of its dispatch to the customer, subject to ITU's prior agreement. A minimum charge of fifty Swiss francs (CHF 50.–) will normally be invoiced to the customer by ITU for return of the publication to stock.

No exchange or refund is available for purchases made directly at the ITU Bookshop.

In the case of electronic publications (CD-ROM, DVD-ROM, USB key and online), these general conditions shall apply, subject to the specific derogation provisions contained in the Licence Agreements. The placing of an order implies full acceptance of these general conditions of sale.

None of the provisions of these general conditions of sale shall be interpreted as constituting a derogation or renunciation of the privileges, immunities and facilities enjoyed by ITU in accordance with the international agreement applicable to it, in particular the Headquarters Agreement concluded with the Swiss Federal Council on 22 July 1971, as well as the Swiss law or any other relevant national legislation.

Licence agreement and disclaimer of warranty

1. The publications of the International Telecommunication Union ("ITU") are protected by copyright law. The publication contained herein ("Publication"), or any part thereof, may not be reproduced, by any means whatsoever, without the prior written authorization of ITU.

2. ITU hereby grants you a non-exclusive, non-transferable right to use the Publication, such use constituting your agreement with the terms and conditions of the present Licence Agreement.

3. The Publication may be placed on an internal network or internal website provided that access to the Publication is limited to the number of Authorized Users indicated in your order and that payment of the applicable fee is made to ITU. The Publication may not be placed on an external network or external website.

4. This product is provided without warranty of any kind. In particular, ITU does not warrant or make any representations regarding the use, or the results of use, of this product in terms of correctness, reliability or otherwise. Under no circumstances shall ITU be held liable for any direct or indirect damages arising out of the use of, or inability to use, this product.

List of Coast Stations and Special Service Stations (LIST IV)

2023

This publication is an official worldwide directory of coast station radiocommunication operational information. It contains details of global maritime distress and safety system (GMDSS) shore installations, search and rescue agencies, medical advice, and other relevant maritime communication services such as maritime safety information (MSI) broadcasts and vessel traffic service (VTS) stations.

Details of the ship carriage requirements for this publication are stipulated in Appendix 16 to the Radio Regulations.

CHF 234

BR International Frequency Information Circular (BR IFIC) Space Service

2024

BR IFIC Space Services contains information on the frequency assignments to space stations, Earth stations or radioastronomy stations submitted by administrations to the Radiocommunication Bureau for recording in the Master International Frequency Register, as well as those that are submitted under the relevant provisions of the Radio Regulations or that are subject to the Appendices 30, 30A and 30B Plans.

CHF 600 (Edition)

CHF 3 530 (Yearly subscription)
