Strong Networking

The forum aims to provide a platform for Young ICT Leaders to share ideas and innovations towards advancement of future ICT industry. More importantly, the forum will offer them a networking opportunity with experts and professionals for their career development thereby contributing to social and economic development of their own community.

Bangkok 14–17 November

Busan Global Smart Cities Challenge is under auspices of the 3rd Young ICT Leaders' Forum 2016, and is jointly organized by Busan City and ITU and to be held in Busan, Republic of Korea.

Busan Global Smart Cities Challenge is a competition open for young people to present their innovative ideas on harnessing the power of digital technologies in making a city smarter, safer, and friendlier to environment thereby improving quality of life of the citizens.

Winners of the competition will be offered an opportunity and travel support to participate in the ITU Telecom World 2016 to be held in Bangkok, Thailand during 14–17 November 2016.

CAPACITY BUILDING

Day 1

Experts and professionals will share their knowledge and experience with the participants. They will also inspire them with innovative and practical ideas that work.

IDEA DEVELOPMENT

Day 1 & 2

Guided and mentored by the experts/professionals, ideas will be developed. Various techniques for selling the ideas will be shared with the participants.

IDEA PITCHING

Day 2

The final ideas will be presented before a panel of judges. The most 5 innovative ideas will be awarded by the Forum Secretariat and all participants will be offered a certificate.
