- Internet Governance

ITU Academy platform

The following functionalities have been added to the ITU Academy platform in 2016:

- ❑ Automated online invoicing for individuals
- ❑ Temporary enrolment
- ❑ Controlled registration
- ❑ Package category course settings
- ❑ Plagiarism detector

Global ICT Capacity Building Symposium (CBS – 2016)

13

- ❑ CBS-2016 was held in Nairobi, Kenya, from 5-8 September 2016
- ❑ 440 participants from 46 countries
- ❑ A session was reserved for ITU CoEs (five CoEs made presentations)
- ❑ Exhibition showcasing capacity building projects across the world
 - Only four CoEs from a network of 32 made use of their regional exhibition stand

NAIROBI.KENYA
6-8 SEPTEMBER 2016

Global ICT Capacity Building Symposium (CBS – 2016)

Future activities

15

- ❑ Review processes and procedures document in preparation for the next CoE cycle (starting in 2018)
- ❑ Implement the strategy for promotion of CoE activities
- ❑ Upgrade the ITU Academy platform and cater for automated group invoices
- ❑ Enhance the registration and payment process within the ITU Academy platform

Discussion points

16

- ❑ Implementation of planned courses
- ❑ Use of existing standardized templates
- ❑ Supporting documents for courses
- ❑ ITU Academy platform
- ❑ Non-performing /non participating CoEs

THANK YOU
