Mr. Mohammed Al Mannai
Chief Executive Officer
Qatar National Broadband Network - QNBN
Doha – Qatar

**Subject: Validation Process: Terrestrial Fibre Optic Transmission Networks and
Broadband Transmission Capacity Indicators**

Dear Sir,

Reference to our letter No. 017079 dated 12 March 2013 and to the Circular letter - Request for Information ([RFI](#)) related to the implementation of the ITU Project for the implementation of Interactive Terrestrial Transmission Maps, we would like to stress on the importance of your reply, if you haven't done so far, and we encourage you to check the information shown in the Maps for your network or country, and to validate this information by following the validation procedures described in Annex 1, by the **end of June 2013**.

The Interactive Transmission Maps are now available, under TIES password, at:

<http://www.itu.int/en/ITU-D/Technology/Pages/InteractiveTransmissionMaps.aspx>

We look forward to receiving your feedback as soon as possible.

Yours faithfully,

Eng. Ebrahim AL HADDAD
Regional Director,
ITU Arab Regional Office

Annex 1:
- Validation Procedure.
