Trusted Blockchain Summit 2018

Beijing, 9-10 October 2018

Hosted by

China Academy of Information and Communications Technology (CAICT)

China Communication Standardization Association (CCSA)

Trusted Blockchain Initiatives (TBI)

Blockchain and Distributed Ledger Technologies (DLT) offer a revolutionary way of establishing trust between individuals or entities without any centralized parties. They complement current Internet technologies and are expected to become the fundamental infrastructure of the digital economy.

But blockchain is at an early stage of development. Blockchain's performance limitations, high energy consumption, and unclear use cases and business models are all key issues to be addressed as the development and adoption of blockchain accelerates. And more attention should be devoted to the governance and regulatory frameworks required for blockchain and DLT to become a central enabler of the digital economy.

These discussions call for the involvement of a wide range of stakeholders, from different communities and countries. This is exactly the objective of the Trusted Blockchain Summit 2018.

An international conference on blockchain and DLT and its applications, the Trusted Blockchain Summit 2018 is organized jointly by China Academy of Information and Communications Technology (CAICT), China Communication Standard Association (CCSA) and Trusted Blockchain Initiatives (TBI). The Summit will take place 9-10 October 2018 in Beijing, in conjunction with the **fourth meeting of the ITU-T Focus Group on Application of Distributed Ledger Technology (FG DLT), 10-12 October 2018**.

The Summit will feature interactive expert panels and workshops covering topics including technology foundations, security, standardization, governance and regulation. Innovation showcases and workshops on DLT applications and use cases will address supply chain, insurance, health-care, manufacturing and other industries. Presentations from CAICT and TBI will release the first results of their Trusted Blockchain Evaluation initiative, and TBI will also announce the top-10 prize-winning applications in its "2018 Award of Excellence for DLT Applications".

Summit participants will include experts from the United States, Brazil, Russia, South Korea, Japan, France, Germany, Switzerland and more. Delegates from ITU and other communities, such as Hyperledger, Ethereum and R3 Corda, will share insight into blockchain technology trends and prospects for "DLT in 2020". The Summit will also host an invitation-only session on public-sector blockchain development and governance.

Agenda of Trusted Blockchain Summit 2018

Day 1, 9 October 2018 - Plenary

Morning sessions (09:00-12:00)

Time	Agenda	Speaker
09:00-09:10	Opening remarks	Vice Minister of the Ministry of Industry and Information Technology of the People's Republic of China
09:10-09:40	Keynote	Representative of the Chinese academy of sciences
09:40-10:00	Trusted Blockchain Ecosystem	**Ms. Zhiqin Wang**, Vice-Director, CAICT
10:00-10:20	Launch of the first Trusted Blockchain Evaluation results	**Ms. Xiaohui Dai**, Secretary General, CCSA
10:20-10:40	Presentation of the top ten "2018 Award of Excellence for DLT Applications"	**Ms. Zhiqin Wang**, Vice-Director, CAICT
10:40-12:00	Keynotes	**Mr. Wei Xiao**, CAO, Baidu
		Mr. Carl Wegner, Head of Asia, R3 Corda
		Mr. Rui Guo, VP, Tencent
		Delegate from ANT FINANCIAL

Day 1, 9 October 2018 - Plenary

Afternoon sessions (13:30-17:00)

Time	Agenda	Speaker
13:30-15:10	**Blockchain and DLT international standards roundtable** (brief presentations by panelists, followed by roundtable discussion)	**Mr. Ning Hu**, Senior Engineer, NEO **Mr. Kai Wei**, Vice-Chair, ITU-T Focus Group on Application of Distributed Ledger Technology **Mr. Ray Valdes**, CTO, ConsenSys **Ms. Suzana Maranhão Moreno**, Software Engineer, Brazilian Development Bank (BNDES) **Mr. Inon Schenker**, VP, Impact Investments & Blockchain Innovation, Singulariteam Technology Group **Ms. Virginia Cram-Martos**, CEO, Triangularity **Ms. Kyeong Hee Oh**, Expert, Korea DLT Forum Moderator: **Mr. Martin Adolph**, Advisor, ITU
15:10-15:20	The TBI Hackathon Award 2018 presentation	Experts from CAICT, Huawei Cloud
15:20-15:30	Signing of Memoranda	Experts from CAICT & Korea DLT Forum Experts from CAICT & Hyperledger
15:30-16:50	Keynotes	**Mr. Julian Gordon**, VP, Hyperledger **Mr. Jianrong Chen**, Deputy Secretary General, Economic Development Zone Management Committee of Guangzhou **Mr. Zhiqiang Li**, Expert, Intel **Mr. Xin Lai**, General Engineer, Xunlei
16:50-17:10	The Trusted Blockchain Evaluation Standard report	**Mr. Sude Qing**, Senior Engineer, CAICT
17:30-20:00	2018 Trusted Blockchain Summit Dinner	

Day 2, 10 October 2018 - Parallel Workshops & ITU-T FG DLT meeting

Morning parallel workshops (09:00-12:00)

      Session A: Trusted blockchain standard and evaluation

      Session B: DLT applications & use cases for Manufacturing

      Session C: DLT applications & use cases for Supply Chain Finance

      Session D: DLT applications & use cases for Health-care

      Session E: DLT applications & use cases for BaaS

      Morning ITU-T FG DLT meeting (09:00-12:00)

Afternoon parallel workshops (13:30-17:00)

      Session A: Blockchain and DLT security

      Session B: DLT applications & use cases for Payment and Clearing System

      Session C: DLT applications & use cases for Traceability

      Session D: Closed-door session on Public Blockchain Development and Governance

      Session E: DLT applications & use cases for Talent Training

      Afternoon ITU-T FG DLT meeting (13:30-17:00)

Day 3, 11 October 2018 - ITU-T FG DLT meeting (09:00-17:00)

Day 4, 12 October 2018 - ITU-T FG DLT meeting (09:00-17:00)
